

EXPERT Marketing Suite™

At EXIT Realty, we believe that the technology we use to market your home should be both high tech and high touch. We use cutting edge technology to maximize your home's exposure and market it effectively to the largest pool of potential buyers. I have put together a comprehensive marketing strategy designed for you, the homeowner. When it comes to successfully marketing your home, my experience and our technology will stand out.

My Smart Sign™ Technology

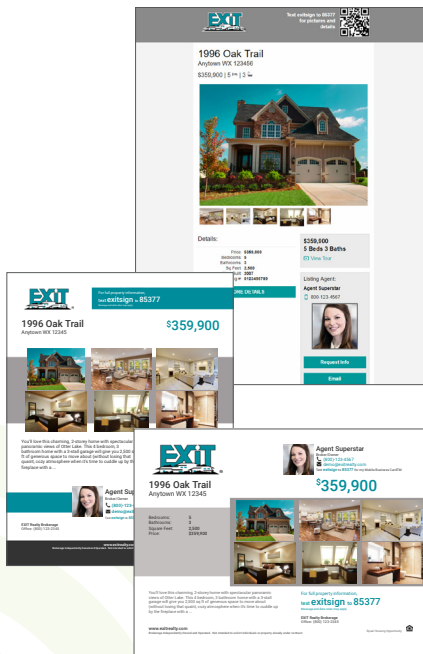

Utilizing location technology, My Smart Sign™ encourages buyers in front of your home to text my custom code to 85377 for information that will be delivered immediately to their mobile device including photos, price and the details of your home. But that's not all. When a potential buyer texts for information, I will receive their mobile number, allowing me to respond to the buyer immediately either by phone or by text, to arrange for a personal viewing.

Virtual Tour, Single Property Website and Custom Flyer

I will create a virtual tour to showcase your home which can be syndicated to popular real estate portals for maximum exposure across the internet.

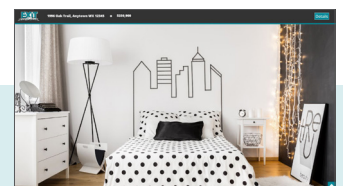

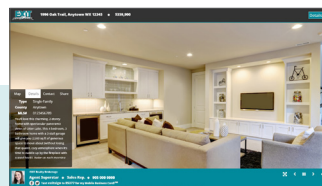

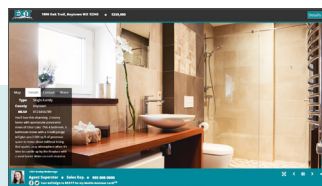

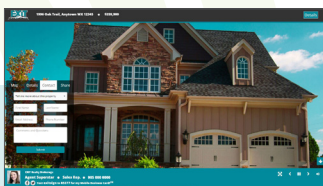

I will create a custom website exclusively for your home with its own unique web address. Here, an interested buyer can focus on your home exclusively. This beautiful website showcases your home the way it deserves, and you can share it with your friends and family. This website has lead generation technology built in. An interested buyer can text my unique Mobile Business Card™ code to request a showing in real time. The downloadable flyer can be used for open houses or for prospective buyers who visit your home. This flyer displays your home's unique text code so if the buyer has the flyer in hand, they can still text for information including the virtual tour. There is even mapping functionality to get directions.

The majority of today's buyers start their home search online, and that's where your property will be, front and center, with its own unique website and virtual tour.

Mobile Business Card™

In addition to our Expert Marketing Suite™ technology I will send my Mobile Business Card™ to your mobile device so you will have my contact information in the palm of your hand. I know how important communication is so I will work with you in partnership in the sale of your home and keep you informed every step of the way.

At EXIT Realty, we have the expertise, the tools, and the strategy to maximize your home's exposure and generate and capture leads. I would love the opportunity to help you sell your home.
